A Lady's Comment On Medicine and Religion

The following letter is from a lady whose name I am not at liberty to use. If I should mention her name she would be known by almost every reader. She writes in part:

Dr. S. B. Hartman, Columbus, Ohio:

"Your article entitled 'Medicine and Religion' has been read and re-read by me many times. It seems to me that the article contains the substance of all that has been said about Christian Science, new thought, suggestive therapeutics and other forms of mental healing.

"I am very much pleased to observe that you are putting out into the world such useful literature. It will do untold good, without doubt; not only for those who take medicine, but for those who try to get along without taking medicine. Your article is terse, to the potent, and will be read by thousands.

"Medicine and religion have always been very closely associated. Only in very recent years have the two been regarded as separate professions. I am glad you brought this out so clearly. The tendency of today is strongly in the direction of medicine and religion coming back together again. With your immense facilities for spreading useful information I am sure you will greatly assist the progress of the times in sending out broadcast such articles. I want you to know that your efforts are appreciated.

"As to Peruna, I have nothing to say. I very seldom make use of any medicine. But I assure you that your article has so enthused me with the good advice it contains that if I have any need for medicine I shall certainly buy a bottle of Peruna. I shall not neglect to recommend it to others also."

Pe-ru-na, Man-a-line and La-cu-pla manufactured by the Pe-ru-na Company, Columbus, Ohio. Sold at all drug stores.

SPECIAL NOTICE:—Many persons inquire for The Oldtime Peruna. They want the Peruna that their Fathers and Mothers used to take. The old Peruna is now called Katarno. If your dealer does not keep it for sale write the Katarno Company, Columbus, Ohio, and they will tell you all about it. —Advt.

HANDS BURNED AND ITCHED

Could Not Sleep. Mother Had to Be Up All Night. Large Blisters Came, Then Sores. Cured by Cuticura Soap and Ointment.

Warrenson, Va.—"My little girl was troubled with eczema for three years. Her hands burned and itched and looked as if they were scalded. She could not sleep at night; I had to be up all night to keep her hands in warm water. She rubbed her hands and large white blisters came full of yellow water. Then sores came and yellow corruption formed. She could not take hold of anything with her hands. I used an ointment and tried a treatment but nothing did her any good so I got some Cuticura Soap and Ointment. After bathing her hands with the Cuticura Soap and applying the Cuticura Ointment I was astonished to see the great relief, and Cuticura Soap and Cuticura Ointment cured her hands in three weeks." CAPTUURE CONFIRMED.

MEXICO CITY, Oct. 23.—The taking of Vera Cruz by the federal forces is confirmed from all quarters. President Madero has sent the following despatch to the governors of all the states:

"Vera Cruz is in the hands of the loyal troops. Diaz has been taken prisoner."

There is much suppressed excitement here over the federal victory, but little elation. On the contrary the fact that the movement was so quickly suppressed has caused much surprise. The general opinion, however, that the government success will operate greatly to strengthen the administration.

GETS ONE YEAR.

CHICAGO, Oct. 23.—Louis Gagmere, who turne his talent as an artist into the painting of $10 counterfeit government notes, was sentenced today to serve one year in the United States prison at Fort Leavenworth, Kansas, after he had admitted his guilt. He will start for prison at once.

Gagmere told the court he had painted the notes so that he could support his wife and child when he found he could not sell his pictures. The federal authorities declared the notes were so well executed that it had been difficult to discover their source.

MONTFORD LOSES

The scrub team of the Asheville school yesterday afternoon defeated the Montford avenue football team, of this city, by the score of 15 to 7, at the gridiron of the school. The winners scored a touchdown and safety in the first period and were credited with a touchdown in the second. In the third quarter, the Montford team scored a touchdown, Coleman making a pretty seventy-yard run and afterwards kicking goal.

The Montford team will play the scrub eleven of the Bingham school Tuesday afternoon.

BEE KEEPERS.

The Blue Ridge Bee Keepers' association has changed its name to the Carolina Bee Keepers' association, the members of the organization feeling that the former name was somewhat misleading as it is the desire of the organization to interest men who deal in bees, throughout this state.

HOW BLOOD IS MADE.

The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called *absorption* and takes place chiefly from the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stone, queen's root and golden seal root, and sold by druggists for the past forty years under the name of

Doctor Pierce's Golden Medical Discovery,

gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption by the blood of the food it requires. Eradicate the poisons from the blood with this alterative extract which does *not* shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. Thus the body can be built up—strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease. Sold by druggists everywhere. CHAS. FAERBER, JR.

MR. CHAS. FAERBER, JR., of 822 Woodlawn Ave., Philadelphia, Pa., writes: "I was troubled with my stomach for almost three years. Tried several doctors and most everything anybody recommended to me, but kept getting worse and honestly did not care to live as I was never well even though, at times, I had no pain. My symptoms were as follows: Always tired, my whole body in a throb, belching of gas, pain and soreness in the stomach, vomiting, constipation, could not tell what to eat or what would agree with me, and was melancholy. But after taking Dr. Pierce's Golden Medical Discovery with the 'Pleasant Pellets' it has made me a well man which is something to live for."

REV. W. A. NEWELL TO SPEAK TO MEN SUNDAY

Association has Secured a Number of Prominent Speakers for the Next Few Weeks.

Rev. W. A. Newell, the pastor of the Haywood Street Methodist church, has consented to address the men's meeting of the Y. M. C. A. Sunday afternoon at 4 o'clock. His subject has not yet been announced. Rev. Mr. Newell has appeared at the association meetings for men on a number of occasions and is an attractive speaker. He doubtless will be heard by a large audience at Sunday's meeting for men. The music will be unusually good, Mrs. F. Flaxington Harker, of Biltmore, having consented to act as the soloist. Her accompaniments will be played by John W. Stamed.

Rev. Lewis Collins who addressed the recently organized association at the Bingham school last Sunday will speak to the men of the depot section of the city, at the meeting at the Highland hotel Sunday afternoon at 5 o'clock.

The management of the association has secured a number of prominent speakers for the meetings which will be held within the next few weeks. Sunday, November 3, Dr. W. J. Martin, the president of the Davidson college, will speak and Dr. C. E. Raynal, of Statesville, will open the week of prayer November 10. On the following Sunday, Dr. W. C. Tyree, of High Point, will speak and President S. C. Mitchell, of the university of South Carolina, will appear at the meeting of November 24.

Dr. Charles W. Byrd, the pastor of the Central Methodist church of this city, has consented to deliver a series of three lectures at the association gatherings, during the first three weeks of December.

FLORIDA SYNDICATE BUYS OLD HOMESTEAD

Hendersonville Property Brings $18,000.—Will be Improved and Fine Clubhouse Established.

HENDERSONVILLE, N. C., Oct. 23 Another historic old home in this city was started on the highway to oblivion today when a Jacksonville, Fla. syndicate, headed by S. E. Crittenden, purchased for $18,000 the Noterman place, a beautiful old home, with about 25 acres of land surrounding it.

The property, which is located almost in front of the Wheeler hotel, will be converted into a clubhouse for the Colonial club, an organization made up of Florida folks who spend part of their time in this city. The house will be remodelled and an executive building, with a roof garden, will be built on the grounds. An architect has already drawn plans for this building.

In addition to the executive building about twenty-five bungalows will be built on the grounds and an artificial lake constructed. The promoters of the enterprise plan to make it one of the most attractive club resorts in Western North Carolina.

MRS. LEWIS TELLS STORY

SAN DIEGO, Cal., Oct. 23.—Mrs. Hubert Lewis, whose husband is on trial here for the alleged murder of C. H. Toliver and his wife, declared on the witness stand today that the killing of the Tolivers, who were wealthy and had given employment to Lewis, was the sequel to a criminal attack upon her in which Toliver had been aided by his wife.

The assault occurred at the Toliver home while Lewis was away on business. Mrs. Lewis testified that when she related the circumstances to her husband on his return his rage deprived him temporarily of reason and he sought out the Tolivers and shot both to death.

Mrs. Lewis broke down frequently during her recital. She told the jury that Mrs. Toliver confessed to her she had participated in the assault because she feared her husband was about to leave her.

At the conclusion of the direction examination Lewis broke away from his attorneys and rushed to the witness stand, where for some minutes he and his wife wept, clasped in each other's arms.

CRAIG AND SMALL WERE HEARD AT MACKEY'S FERRY

Crowd Estimated at One Thousand Applauds Both Speakers

PLYMOUTH, N. C., Oct. 23.—A crowd estimated at a thousand gathered from the counties of Washington, Tyrrell and Cowan at Mackeys Ferry today for a democratic rally at which the speakers were Hon. Locke Craig and Congressman John H. Small. After the speaking a big picnic dinner was served in the pine grove near the speaker's stand. Ex-Senator Van B. Martin introduced Mr. Craig who held the closest attention of his audience for more than an hour and elicited frequent and spirited applause. He paid a high tribute to the distinguished service Congressman Small has rendered this district. Congressman Small was introduced by Senator Harry Stubbs, deplored the fact that a primary had been adopted in this state for the selection of a United States senator because of the strife that has been aroused and predicted baneful results to the party in years to come. Mr. Small made an eloquent and able address which was heard with apparent profound interest. He paid a fine tribute to the next governor, referred to the occasion 14 years ago when the two spoke together near here and reviewed the record of democracy in the state since then. It was a red letter day for democracy in Washington county.

ASHEVILLE HAS AN EXCELLENT CHANCE

Will Probably Win Favorable Decision in Baseball Controversy Before National Commission.

Colonel John C. Mills, of Rutherfordton, and W. H. Zimmerman, two fans who are greatly interested in the prospects for Carolina league baseball here next season, returned to this city yesterday from Charlotte, where they conferred with some of the directors of the Carolina association. While no definite action was taken on the trip, the manner in which the directors of the Appalachian league are refusing to release this territory was explained and it was the consensus of opinion of baseball experts with whom they talked that Asheville has an excellent chance to win its case before the national commission.

The commission will sit at Milwaukee, November 12, for the hearing of minor league claims and contentions. Asheville's case will be heard at that time, when the request of the local directors that Asheville be released from the Appalachian will be submitted.

"BABY MINE" HERE FOR RETURN ENGAGEMENT

Two fair sized, appreciative audiences witnessed the matinee and night performances of "Baby Mine" at the Auditorium yesterday and greatly enjoyed William A. Brady's presentation of Margaret Mayo's successful comedy, which is one long series of laughs.

The play was seen here last year and the members of yesterday's audiences who witnessed the production last season regarded the present company as being superior to that which appeared at Asheville for the first presentation of "Baby Mine."

The entire company was good and the work of Miss Pheb Bates, as Aggie, D. J. Sullivan, as Jimmy Jinks, and Blaine A. Darnold, as Alfred Hardy, was unusually creditable.

SECRETARY SWIFT IS PLEASED WITH VISIT

Inspects Local Cotton Mill and Finds Child Labor Law is Being Rigidly Observed.

W. H. Swift, the secretary of the state child labor commission, with headquarters at Greensboro, was an Asheville visitor yesterday, arriving here in the morning and departing last night. Yesterday morning, Mr. Swift was shown through the plant of the Asheville cotton mills, for the purpose of seeing whether of not the owners are enforcing the state law which provides that no child under the age of thirteen years shall be employed in a cotton mill. Before leaving he stated that he was well pleased with the conditions here, that he had learned that the law as being complied with and the operatives who talked to him had expressed themselves as being pleased with the conditions which exist at the local plant.

Mr. Swift visits cotton mills throughout the state and the commission of which he is the secretary is putting forth its best efforts for the enactment of a law which will make it illegal for any plant to employ a child under the age of sixteen years for night work. The secretary stated that a majority of the cotton manufacturers of the state have expressed themselves as being in favor of the law and it is anticipated that it will be passed at the next session of the legislature with little opposition. It is desired that a provision be incorporated in the act which will result in the state employing inspectors whose duty it shall be to see that the law is not violated. At present, there are no such officers and the commission has found it necessary to do this work.

BOUND TO COURT AND SENTENCED AT ONCE

Elbert Moss Has Quick Experience in Police and Superior Courts on Same Day.

Elbert Moss, colored, was yesterday in police court bound to superior court on the charge of stealing a suit of clothes from Ben Fortune, a painter at the Battery Park hotel. Immediately on his arrival in the higher court yesterday morning he was tried, found guilty and sentenced to four months on the county roads.

Moss rode with Charley Smathers, the Battery Park chauffeur, to the hotel on the day the clothes were stolen. While there he obtained the clothes, which he claims were sold to him by a "pumpy-faced" negro for six dollars. Unfortunately for him, Smathers testified that Moss declared that he worked at the hotel, and in this manner secured a ride to the scene of the theft.

While wearing the coat, Moss pawned the trousers for fifty cents to get enough money to take him home to Hickory, where his mother was ill. He said he was delayed in returning because he was pall bearer at a funeral.

CROWDS AWAIT BULLETINS.

SOFIA, Oct. 23.—Crowds gathered around the war office are awaiting official bulletins of the progress of the operations against Kirk Kilisseh and Adrianople. The newspapers publish varying reports. They agree only that serious fighting is proceeding around both towns.

According to one report a decisive movement against Kirk Kilisseh began Monday evening when cavalry and infantry under cover of a heavy artillery fire, attacked the town on two sides. The Bulgarians have completely surrounded Kirk Kilisseh, which the Turks regard as of almost equal importance with Adrianople.

Severe fighting is also reported in the Struma valley. The Bulgarians yesterday occupied important strategic points in Kresna Pass. The Turks fled, abandoning munitions and supplies.

The government organ Mir reports that the Bulgarians are directing a heavy artillery fire on Adrianople. The outer forts have been captured. In Monday's fighting on the railway to the southeast of Mustapha Pasha, the Turks lost 73 killed. One officer and 64 men were made prisoners and five machine guns were captured.

TURKS CLAIM VICTORY.

CONSTANTINOPLE, Oct. 23.—The Turkish newspapers report Turkish victories near Kirk Kilisseh, where, they assert, the Bulgarians left three thousand dead on the field. At Maras, between the Tundja and Maritza rivers four miles to the west of Adrianople, where the Bulgarians had 30,000 men engaged they left thousands of dead.
